

Maths

Weeks 1-3 Addition and Subtraction

We will continue to embed the concepts of adding and subtraction and introduce children to the number line method for solving calculations.

Week 4 Shape

We will be consolidating our knowledge from last half term and discussing properties of 2D and 3D shapes.

Week 5-7 Place Value

We will be working with numbers within 0 and 100 to understand their values within the number system.

Topic

Our topic work this half term will be based around Space. We will be finding out lots of information about Space, including life on the International Space Station. We will also be learning about famous astronauts including Buzz Aldrin, Neil Armstrong and Tim Peake.

We also have lots of exciting computing, PE, and RE lessons to look forward to.

English

Week 1: An introduction to Space.

Children will write questions and research facts about Space.

Weeks 2-4: These weeks will see us using the story of the 'The Way Back Home' as a stimulus for story writing.

Weeks 5-6: Here we will be completing lots of non-fiction writing about Space and famous astronauts.

Week 7: This week will see us get into the festive spirit and make the most of many Christmas themed writing opportunities.
