Behaviour - Well Done!

At the Academy we use the reward and consequence system to warn children if their behaviour is not of the acceptable standard. Children should follow the school rules; Be Safe, Be Responsible and Be Respectful. The totals below show how many children have achieved this each week.

Thank you to all parents/carers for attending our Achievement assembly to watch their child receive a Golden Award

During Achievement assembly, please make sure that the photo is of your child only and please ensure you only post photos of your child on social media. There are parents who do not want their child photographed or on social media for personal reasons.

The final total for Children in Need was £363.48

Thank you to everyone for all your donations.

Read all about us...

Y1-2 This week we have been doing some incredible maths work! We have been using bar models to solve some very tricky division problems.

FS1

FS2

This week in Foundation Stage we have been exploring our Toys topic. We have had a toy shop where we paid for our favourite toys and ordered them by size with our friends!

Y6C

6C have been turning up the heat on soldiers, generals and commanders by placing them in the hot seat. We asked questions and interrogated them about their role in the Christmas Truce!

Y5

Well done to our Year 5/6 boys football team who took part in a tournament at Garforth Academy on Monday. We were very proud of their ability, teamwork and attitude.

Y6W put some soldiers in the hot seat, to find out

about the Christmas Truce in 1914. We used their answers to create some amazing complex sentences, including reported or direct speech. Watch out for the completed news reports in the near future!

Y4-5

Y3

This week Y3 have been looking at 'The Worlds Worst Children 2' by David Walliams. They have enjoyed writing advice to the children in the book and describing the awful characters in detail. We even came up with our own terrible child.

This week in Y1TM we have returned to learning about shape in our maths lessons. The children have been naming and describing the properties of 2D and 3D shapes and thinking about different ways of sorting them.

We are very pleased that children are taking advantage of the option to switch between bringing a packed lunch or taking a school dinner on a daily basis. In order that we are able to continue offering this choice please could we ask that you ensure that payment is made via Parent Pay or in cash BEFORE the lunch is taken. Thank you for your co-operation.

Y3-4

This week, we have enjoyed trying to persuade an imaginary boy with rotten teeth to brush his teeth. We have also enjoyed reading our class book *The Firework Maker's Daughter*. This is a display that we all created together.
